Around the Area

Perth is the capital and largest city of the Australian state of Western Australia. It is the fourth most populous city in Australia and Oceania, with a population of 2.1 million living in Greater Perth in 2020. Perth is part of the South West Land Division of Western Australia, with most of the metropolitan area on the Swan Coastal Plain between the Indian Ocean and the Darling Scarp. The city has expanded outward from the original British settlements on the Swan River, upon which the city's central business district and port of Fremantle are situated. Perth is located on the traditional lands of the Whadjuk Noongar people, where Aboriginal Australians have lived for at least 45,000 years.

Perth contains a number of important public buildings as well as cultural and heritage sites. Notable government buildings include Parliament House, Government House, the Supreme Court Buildings and the Perth Mint. The city is served by Fremantle Harbour and Perth Airport. It was a naval base for the Allies during World War II and today, the Royal Australian Navy's Fleet Base West is located on Garden Island. All five of Western Australia's universities are based in Perth.

The city has been ranked as one of the world's most liveable cities, and was classified by the Globalization and World Cities Research Network in 2020 as a Beta global city.
